College Credit Eligibility
In many programs, students who have met all eligibility requirements to become a program graduate may also be awarded college credits from Broward College and other Florida state colleges/community colleges toward an AS or AAS Degree. Students must enroll in Broward College within 2 years of completing their program at Atlantic Technical College. See your program counselor for details and conditions.

Certification Reimbursement Plan
Pass a State approved industry credential exam aligned to your program of study and we will help you pay for it (conditions apply).

Guarantee for Success
Atlantic Technical College and Technical High School (ATC) is committed to teaching the skills you need for the career you want. We are proud to stand behind our graduates and the education they receive. To demonstrate our support, we offer the Guarantee for Success Plan. If a graduate of ATC does not pass the identified, entry-level, industry certification test in his or her field of study, the student is invited to return for additional training and/or test preparation at no additional cost. See the program counselor for details and conditions.

Ready, Set, Work
Governor Scott’s “Ready, Set, Work” Guarantee Challenge guarantees to businesses that their workers will be ready to work on the very first day on the job, or will be retrained at no cost to the business or student.

Health Science and Practical Nursing
754.321.5187 | Main Campus
754.322.2818 | Arthur Ashe, Jr. Campus

In accordance with requirements set forth by the Joint Commission and the Jessica Lunsford Act, students applying for entrance into any health science program that requires a clinical experience in a hospital, nursing home or other health care facility must submit to a Level II criminal background check and take a drug screening test.

The applicant is responsible for paying the costs of both tests. The results of these tests may prevent the applicant from entering the program. Denial of entry is mandated as clinical training is a requirement in all health care programs, and clinical facilities will not allow students access if they are not cleared.

Prospective students without a valid social security number may encounter difficulties within licensure programs. Please contact the program counselor for specific information.

Additionally, all students entering or re-entering the Practical Nursing program must take the Test of Essential Academic Skills (ATI TEAS®) and meet minimum requirements. Registration for health science classes may vary by program.

For specific information, please contact the program counselor/advisor.

Apprenticeship is a method of training individuals in a trade using a combination of on-the-job skills development and classroom/lab related instruction. There are both union and non-union programs. Apprenticeship training programs in Florida operate in accordance with Federal and State laws and rules.

Apprenticeship training offers the individual a chance to “earn while you learn.” In addition to a paid 40 hour on-the-job training work week under the supervision of a journey person, apprentices are required to attend related training on selected evenings and/or weekends.

Wage increases are granted as the apprentice gains time in training and acquires experience.

Apprenticeship training programs vary in length depending on the trade and can take from three to five years to complete.

**Apprenticeship training programs include:**

- Air Conditioning, Refrigeration and Heating Technology (Installer/Servicer)
- Brick and Block Masonry (Bricklayer)
- Carpentry (Carpenter)
- Commercial Sign Design and Fabrication (Decorator Trade Show)
