Program Description:
 This program is designed to prepare students for employment as advanced cross trained nursing assistants (patient care technicians), **SOC Code 29-2099.00 (Health Technologists and Technicians)**, Health Care Technicians, Patient Care Assistants, Nursing Aides and Orderlies (66008439), Home Health Aides (66011456), or Allied Health Assistants. This program offers a broad foundation of knowledge and skills, expanding the traditional role of the nursing assistant, for both acute and long term care settings.

The program focuses on broad, transferable skills and stresses understanding and demonstration of the following elements of the health care industry; planning, management, finance, technical and production skills, underlying principles of technology, labor issues, community issues and health, safety, and environmental issues.

Technical College Policy/Adult Student Attendance:

- A student must be withdrawn after being absent for six (6) consecutive days.
- Two (2) additional absences may be allowed under certain circumstance with a appropriate documentation.
- Please refer to the Student Handbook for postsecondary students.

http://www.atlantictechcenter.com/Portals/7/pdfs/BTC_Handbook_NEW2017_LR.pdf

Intended Student Learning Outcomes”	
After successfully completing this program, the student will be able to perform the following: (according to Florida Department of Education Curriculum Framework 01.0 -36.05).	
01.0	Demonstrate knowledge of the healthcare delivery system and health occupations.
02.0	Demonstrate the ability to communicate and use interpersonal skills effectively.

- 03.0 Demonstrate legal and ethical responsibilities.
- 04.0 Demonstrate an understanding of and apply wellness and disease concepts.
- 05.0 Recognize and practice safety and security procedures.
- 06.0 Recognize and respond to emergency situations.
- 07.0 Recognize and practice infection control procedures.
- 08.0 Demonstrate an understanding of information technology applications in healthcare.
- 09.0 Demonstrate employability skills.
- 10.0 Demonstrate knowledge of blood borne diseases, including HIV/AIDS.
- 11.0 Apply basic math and science skills.
- 12.0 Use verbal and written communications specific to the nursing assistant.
- 13.0 Demonstrate legal and ethical responsibilities specific to the nursing assistant.
- 14.0 Perform physical comfort and safety functions specific to the nursing assistant.
- 15.0 Provide personal patient care.
- 16.0 Perform patient care procedures.
- 17.0 Apply principles of nutrition.
- 18.0 Provide care for geriatric patients.
- 19.0 Apply the principles of infection control specific to the nursing assistant.
- 20.0 Provide biological, psychological, and social support.
- 21.0 Perform supervised organizational functions, following the patient plan of care.
- 22.0 Assist with restorative (rehabilitative) activities.
- 23.0 Use verbal and written communications specific to home health aide.
- 24.0 Demonstrate legal and ethical responsibilities specific to home health aide.
- 25.0 Perform physical comfort and safety functions specific to home health aide.
- 26.0 Apply principles of nutrition specific to home health aide.
- 27.0 Apply the principles of infection control specific to home health aide.
- 28.0 Perform home health-care services.
- 29.0 Perform nursing assistant skills related to the hospital setting.

- 30.0 Demonstrate knowledge of the healthcare delivery system and health occupations.
- 31.0 Demonstrate the ability to communicate and use interpersonal skills effectively.
- 32.0 Demonstrate legal and ethical responsibilities.
- 33.0 Demonstrate an understanding of and apply wellness and disease concepts.
- 34.0 Recognize and practice safety and security procedures.
- 35.0 Recognize and respond to emergency situations.
- 36.0 Recognize and practice infection control procedures.
- 37.0 Demonstrate an understanding of information technology applications in healthcare.
- 38.0 Demonstrate employability skills.
- 39.0 Demonstrate knowledge of blood borne diseases, including HIV/AIDS.
- 40.0 Apply basic math and science skills.
- 41.0 Use verbal and written communications specific to the nursing assistant.
- 42.0 Demonstrate legal and ethical responsibilities specific to the nursing assistant.
- 43.0 Perform physical comfort and safety functions specific to the nursing assistant.
- 44.0 Provide personal patient care.
- 45.0 Perform patient care procedures.
- 46.0 Apply principles of nutrition.
- 47.0 Provide care for geriatric patients.
- 48.0 Apply the principles of infection control specific to the nursing assistant.
- 49.0 Provide biological, psychological, and social support.
- 50.0 Perform supervised organizational functions, following the patient plan of care.
- 51.0 Assist with restorative (rehabilitative) activities.
- 52.0 Use verbal and written communications specific to home health aide.
- 53.0 Demonstrate legal and ethical responsibilities specific to home health aide.
- 54.0 Perform physical comfort and safety functions specific to home health aide.
- 55.0 Apply principles of nutrition specific to home health aide.
- 56.0 Apply the principles of infection control specific to home health aide.
- 57.0 Perform home health-care services.
- 58.0 Perform nursing assistant skills related to the hospital setting.
- 59.0 Provide nursing assistant care for the adult patient.
- 60.0 Perform skills representative of 1-3 major allied health areas as determined by local labor market demand. **Such skills must be at the aide level and not beyond the scope of unlicensed assistive personnel.**
- 61.0 Successfully complete a clinical rotation in the selected major allied health areas.
- 62.0 Perform additional skills from the previous module which are in the aide level and do not go beyond the scope of practice of unlicensed assistive personnel.

- 63.0 and health occupations.
- 64.0 Demonstrate the ability to communicate and use interpersonal skills effectively.
- 65.0 Demonstrate legal and ethical responsibilities.
- 66.0 Demonstrate an understanding of and apply wellness and disease concepts.
- 67.0 Recognize and practice safety and security procedures.
- 68.0 Recognize and respond to emergency situations.
- 69.0 Recognize and practice infection control procedures.
- 70.0 Demonstrate an understanding of information technology applications in healthcare.
- 71.0 Demonstrate employability skills.
- 72.0 Demonstrate knowledge of blood borne diseases, including HIV/AIDS.
- 73.0 Apply basic math and science skills.
- 74.0 Use verbal and written communications specific to the nursing assistant.
- 75.0 Demonstrate legal and ethical responsibilities specific to the nursing assistant.
- 76.0 Perform physical comfort and safety functions specific to the nursing assistant.
- 77.0 Provide personal patient care.
- 78.0 Perform patient care procedures.
- 79.0 Apply principles of nutrition.
- 80.0 Provide care for geriatric patients.
- 81.0 Apply the principles of infection control specific to the nursing assistant.
- 82.0 Provide biological, psychological, and social support.
- 83.0 Perform supervised organizational functions, following the patient plan of care.
- 84.0 Assist with restorative (rehabilitative) activities.
- 85.0 Use verbal and written communications specific to home health aide.
- 86.0 Demonstrate legal and ethical responsibilities specific to home health aide.
- 87.0 Perform physical comfort and safety functions specific to home health aide.
- 88.0 Apply principles of nutrition specific to home health aide.
- 89.0 Apply the principles of infection control specific to home health aide.
- 90.0 Perform home health-care services.
- 91.0 Perform nursing assistant skills related to the hospital setting.

- 92.0 Provide nursing assistant care for the adult patient.
- 93.0 Perform skills representative of 1-3 major allied health areas as determined by local labor market demand. **Such skills must be at the aide level and not beyond the scope of unlicensed assistive personnel.**
- 94.0 Successfully complete a clinical rotation in the selected major allied health areas.
- 95.0 Perform additional skills from the previous module which are in the aide level and do not go beyond the scope of practice of unlicensed assistive personnel.
- 96.0 Successfully complete a clinical rotation in the selected major allied health areas.
- 97.0 Demonstrate knowledge of organizational and effective team member skills.
- 98.0 Practice organizational and effective team member skills in a clinical setting.
