Program Name: Court Reporting 2

OCPs	Course Names	Hours
A	OTA0047 Court Reporting Scopist I	600

Course Description:

This course is designed to instruct the student on how court reporters record verbatim (word-for-word) testimony and produce transcripts of the testimony. Instruction includes an introduction to verbatim writing skills to work with persons with hearing loss (CART – Communication Access Real-time Translation) and provide captioning for television. The program at ATC utilizes the latest technology in computer-aided transcription and real-time writing; i.e., the ability to have an instantaneous translation of the spoken word by projecting the words onto a television screen for the benefit of persons with hearing loss or onto computer monitors for the benefit of trial participants.

This program is a planned sequence of instruction consisting of one level. Students completing Court Reporting 2 possess the entry-level skill-set of a scopist. This program places strong emphasis on conflict-free theory, real-time writing, speed development, and English skills. A court reporting career, including broadcast captioners, offers an independent lifestyle, prestige, and flexibility, along with a substantial salary.

Technical College Policy/Adult Student Attendance:
