Automotive Service Technology (AST)

Class Information:

Automotive Brake Systems Technician | Cost \$1,525 | 450 hours | [Class Enrollment: 1/11/21](#) | Traditional | Monday – Friday, 7:05 am – 1:50 pm | Credential: ASE A5 Brakes

Students in the AST program are initially trained in the use of technical and flat-rate information systems, as well as a variety of hand and power tools. Following the introduction course, students will receive specialty training in automotive braking systems. All instruction is in alignment with the ASE Education Foundation for professional technician certification and provides for completers of the program to sit for the ASE A5 Brakes industry credential.

Customer Assistance Technology

Class Information:

Customer Assistance Technology | Cost \$1,368 | 450 hours | [Class Enrollment: 10/20/20 & 1/11/21](#) | 100% Distance | Monday-Friday | Mandatory Virtual Meeting Days: Tuesday & Thursday, 5:30 pm – 8:30 pm | Credentials: MOS Bundle and CIW Internet Business Associate

This program focuses on information technology, interpersonal skills, and business communication. Students will gain hands-on experience with essential software applications using Microsoft Office 2016. Students will be qualified for high demand positions across multiple industries and will also have the opportunity to earn an industry credential as a Microsoft Office Specialist and/or CIW Internet Business Associate.

Heating, Ventilation, Air Conditioning/Refrigeration (HVAC/R)

Class Information:

HVAC/R Technician | Cost \$1,740 | 500 hours | [Class Enrollment: 10/20/20](#) | Traditional | Monday – Friday, 7:05 am – 1:50 pm | Credentials: EPA Section 608 and HVAC Excellence – Electrical

Students entering the HVAC/R Technician (Rapid Credential) program will become proficient in the installation, repair, and maintenance of residential and commercial air conditioning, refrigeration and heating systems. Heavy emphasis is placed on electrical systems. The HVAC/R students will also receive instruction in layout and design of electrical system schematics. All instruction is in alignment with the EPA, as well as HVAC Excellence's alignment to national standards for the professional technician.
