Atlantic Technical College and Technical High School

Winter Schedule 2021

Atlantic Technical College and Technical High School, while still offering programs via an online platform (e-Learning), has initiated a phased in re-opening of our campuses. Once a complete re-opening occurs, programs will follow the delivery method(s) indicated in this schedule.

What you do today creates a better tomorrow!

Certification Reimbursement Plan

Pass a State approved industry certification exam aligned to your program of study and we will help you pay for it. See your program counselor/advisor for details and conditions.

College Credit Eligibility

In many programs, students who have met all eligibility requirements to become a program graduate may also be awarded college credits from Broward College and other Florida state colleges/community colleges toward an Associate Degree. Students must enroll within two (2) years of completing their program at Atlantic Technical College. See your program counselor/advisor for details and conditions.

Guarantee for Success

Atlantic Technical College and Technical High School (ATC) is committed to teaching the skills you need for the career you desire. We are proud to stand behind our graduates and the education they receive. To demonstrate our support, we offer the Guarantee for Success Plan. If a graduate of ATC does not pass the identified, entry-level, industry certification test in his or her field of study, the student is invited to return for additional training and/or test preparation at no additional cost. See your program counselor/advisor for details and conditions.

TO GET STARTED IN A CAREER/TECHNICAL PROGRAM

ATTEND A PROGRAM SPECIFIC ORIENTATION

Program orientations are currently being conducted online via counselor/advisor led video conferencing. The purpose of orientation is to introduce prospective students to the technical programs, the admissions process, support services and school policies/procedures.

Please sign-up for Orientation by following these three (3) simple steps:

- Step 1: Go to www.AtlanticTechnicalCollege.edu/getting-started.
- Step 2: Click on the program you are interested in.
- Step 3: Select your day and sign-up!

COMPLETE AN APPLICATION

After completing the online orientation, prospective students will contact their program counselor for a digital application.

APPLY FOR FINANCIAL AID (OPTIONAL)

Prospective students requesting financial assistance must complete the online Free Application for Federal Student Aid (FAFSA) as soon as possible. This step is optional. If you do not require financial assistance, proceed to step 4. This step can be completed simultaneously with the admissions process.

Financial Aid advisement is only available on the Main Campus by appointment. Monday - Friday 8:30 a.m. to 4:00 p.m.

REQUEST DISABILITY SERVICES (OPTIONAL)

Prospective students who wish to self-identify as having a documented disability may request reasonable accommodations for testing and classroom instruction. This step is optional. If you do not require disability services, proceed to step 5.

COMPLETE REGISTRATION PACKET FORMS

All forms are required and fillable within your Focus Portal. You must include your digital signature where indicated. Email your counselor once you have completed the registration forms and uploaded your required documents.

COUNSELOR INTERVIEW

Once received, your counselor will review your registration documents and next steps to finalize the admissions process with you.

REGISTRATION & ENROLLMENT

Once your registration packet has been approved and you have your funding, you are ready to register. Your counselor and/or financial aid will assist you to complete your final step.

COSTS LISTED IN THIS PUBLICATION REFLECT FEES FOR THE CURRENT ENROLLMENT PERIOD UNLESS OTHERWISE NOTED.

- In-state fees this enrollment period for Career and Technical Education programs include: a \$40 non-refundable registration fee for an 18 week semester or a \$20 non-refundable registration fee for a 9 week term; tuition; applicable lab fees; and a non-refundable \$13 insurance fee for Health Science programs. There is an annual \$20 student activity fee for all programs.
- Applicants enrolling in a certificate program must provide documentation showing 12 consecutive months of Florida Residency to be eligible for in-state tuition and fees; non-resident tuition and fees are higher.

- Applicants enrolled in a Lifelong Learning (LL) course pay an hourly rate plus a \$20 non-refundable registration fee and an annual \$20 student activity fee.
- Tuition and lab fees are subject to change by the Florida Legislature and/or Broward County Public Schools.
- Payment is due at time of registration.
- Standard Enrollment Period: 18 weeks (fall & winter semesters); 9 weeks (summer term). Please note, Pre-College programs are on a trimester calendar.
- Registration is on a first come, first served basis.
- Classes not meeting minimum enrollment requirements will be canceled.
- Career Dual Enrollmemt (CDE) is offered to high school students meeting specific entry criteria. For additional information visit www.atlantictechnicalcollege.edu/career-dual-enrollment.
- All Career and Technical Education (CTE) programs are approved for Veterans benefits by the State Approving Agency.

DRAFTING

Program Length: 1500 Hours (approximately 14 months full-time) Program Cost: \$4,675 (approximate tuition & fees) Program Offered: August & January Delivery Method: Traditional - 100% classroom based

Students will focus on the planning, interpreting and preparing of architectural, mechanical, electrical, plumbing, civil, structural, and other 2-D and 3-D technical drawings and sketches using Solidworks, AutoCAD, and Revit.

Days	Times	Hours and Costs this term	
Monday - Friday	7:05 a.m 1:50 p.m.	588 hours	\$1,824

Tuition is based on Florida residency. Non-resident tuition is higher.

ELECTRICITY

Program Length: 1200 Hours (approximately 12 months full-time) Program Cost: \$3,855 (approximate tuition & fees) Program Offered: January Delivery Method: Traditional - 100% classroom based

Train in basic electricity, residential and commercial wiring, and learn to troubleshoot and repair electrical systems. Program content also includes building and wiring codes, including the National Electrical Code. Emphasis is placed on skill development, and much of the program is project based.

Special Note: With additional successful testing, the completion of this program may be used as a substitute for the first year of an Electrical Apprenticeship program.

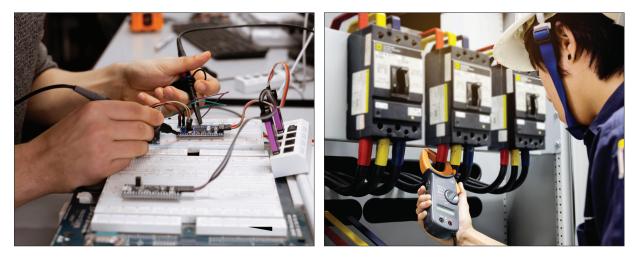

Days	Times	Hours and Costs this term	
Monday - Friday	7:05 a.m 1:50 p.m.	588 hours	\$1,882
Monday - Thursday	6:00 p.m 9:45 p.m.	280 hours	\$928

HEATING, VENTILATION, AIR-CONDITIONING/REFRIGERATION (HVAC/R)

Program Length: 1350 Hours (approximately 12 months full-time) Program Cost: \$4,725 (approximate tuition & fees) Program Offered: August & January Delivery Method: Traditional - 100% classroom based

Train to install and maintain residential and commercial HVAC/R systems. Qualified students may receive advanced placement in the HVAC/R Apprenticeship program.

Days	Times	Hours and Costs this term	
Monday - Friday	7:05 a.m 1:50 p.m.	588 hours	\$2,059
Monday - Thursday	6:00 p.m 9:45 p.m.	280 hours	\$1,012

Business Management and Administration | 754-321-5188

ACCOUNTING OPERATIONS

Program Length: 900 Hours (approximately 10 months full-time) Program Cost: \$2,770 (approximate tuition & fees) Program Offered: August, January & June Delivery Method: Traditional - 100% classroom based Distance - 50% or more instruction hours via distance (online)

Students will receive a broad foundation of knowledge and skills expanding the traditional role of the bookkeeper, including double-entry accounting, preparation of financial statements and payroll processing. Students will also learn accounting-specific software, including Excel, Quickbooks and Microsoft Office.

		March - June	30 hours	\$138

Health Science and Practical Nursing 1 754-321-5187 | Main Campus 754-322-2818 | Arthur Ashe, Jr. Campus

NOTE: In accordance with requirements set forth by the Joint Commission and the Jessica Lunsford Act, students applying for entrance into any Health Science program must submit to a Level 2 criminal background check and take a drug screening test. This requirement is mandated due to the fact that all Health Science students must participate in a clinical rotation in a healthcare facility as a part of their training. The applicant is responsible for paying for the costs of both tests. The results of these tests may prevent the applicant from either entering or remaining in a Health Science program. Students who are not cleared on their background check or test positive for illegal drugs will not be allowed access to healthcare facilities for clinical externships and therefore will not be able to complete the program. In addition to a background check and drug screening, all students registering for any of the Health Science programs are required to have current immunizations and a yearly physical exam. Prospective students who do not have a valid Social Security Number may encounter difficulties within licensure programs. Please contact the program counselor for specific information. Additionally, all students entering or re-entering the Practical Nursing program must take the Test of Essential Academic Skills (TEAS) and meet minimum requirements.

23

Program Length: 650 Hours (approximately 6 months full-time) Program Cost: \$2,227 (approximate tuition & fees) Program Offered: August & January Delivery Method: Traditional - 100% classroom based Hybrid - Less than 50% of required instructional hours available via distance education (online)

This program is designed to train and prepare students to work as sterile processing or central supply technicians in a hospital or surgical out-patient setting. Students will be taught a variety of skills and competencies to effectively decontaminate, prepare, disinfect and sterilize instrument trays for surgical procedures. Students will also learn the various methods of inventory control and how to manage the storage and distribution of sterile supplies and patient care equipment.

Central Sterile Processing Technicians are an essential part of the healthcare team and serve as key individuals in preventing infections and the spread of disease in hospitals and surgical centers. A clinical externship is included in the program.

Monday - Friday

Days

7:30 a.m. - 2:15 p.m.

Times

DENTAL ASSISTING TECHNOLOGY & MANAGEMENT APPLIED TECHNOLOGY DIPLOMA - ATD

Program Length: 1230 Hours (approximately 12 months full-time) Program Cost: \$4,302 (approximate tuition & fees) Program Offered: January Delivery Method: Traditional - 100% classroom based Hours and Costs this term

654 hours

\$2.068

Students will be taught the basic knowledge and skills to offer direct chairside assistance to the dentist, expose dental radiographs, and educate and instruct patients in preventive dental care. Students will be trained in infection control procedures, disease prevention, dental procedures and instruments and business office procedures. Upon successful completion of the program and in accordance with state guidelines, students are issued an Applied Technology Diploma (ATD) in Dental Assisting Technology and Management with Expanded Duties and Dental Radiography.

Days	Times	Hours and Costs t	his term
Monday - Friday	7:05 a.m 1:50 p.m.	588 hours	\$1,984

Note: High School or High School Equivalency Diploma required.

The program in dental assisting is accredited by the Commission on Dental Accreditation (CODA). The Commission is a specialized accrediting body recognized by the United States Department of Education.

Commission on Dental Accreditation (CODA) 211 East Chicago Avenue • Chicago, IL 60611 312-440-4653 • www.ada.org/en/coda

ELECTROCARDIOGRAPH TECHNOLOGY

Program Length: 465 Hours (approximately 4 months full-time) Program Cost: \$1,662 (approximate tuition & fees) Program Offered: August Delivery Method: Traditional - 100% classroom based Hybrid - less than 50% of required instructional hours available via distance education (online)

Train to become an EKG/Cardiovascular Technician and work in a variety of healthcare facilities including hospitals, nursing homes, clinics and physicians offices. Students learn how to perform a 12-lead EKG, properly maintain diagnostic equipment, recognize normal and abnormal sinus rhythms and monitor patients for cardiovascular disorders.

Days	Times	Hours and Costs this term
Monday - Friday	7:05 a.m 1:50 p.m.	Next Class begins: August 2021

HEMODIALYSIS TECHNICIAN

Program Length: 600 Hours (approximately 6 months full-time) Program Cost: \$2,074 (approximate tuition & fees) Program Offered: August & January Delivery Method: Traditional - 100% classroom based Hybrid - less than 50% of required instructional hours available via distance education (online)

Students are taught the skills necessary for employment as hemodialysis technicians or dialysis technicians. Hemodialysis technicians have been members of the dialysis team since the beginning of the dialysis program. They usually serve in two (2) capacities; one involves the assembly and maintenance of the dialysis equipment and the other focuses on patient care. Often the hemodialysis technician duties will combine both the patient care and equipment care responsibilities. The technician works with all members of the dialysis team but is most closely aligned with a nurse who delegates and supervises patient care.

Days	Times	Hours and Costs the	nis term
Monday - Friday	7:30 a.m 2:15 p.m.	600 hours	\$1,903

Note: High School or High School Equivalency Diploma required for clinicals.

25

Students are taught the skills and techniques necessary to become a Medical Assistant and obtain employment in a variety of healthcare facilities. This multi-skilled health professional is trained in clerical and medical office procedures, phlebotomy, EKG, X-Ray, basic patient care techniques and laboratory procedures. Medical assistants perform routine administrative and clinical tasks to keep the offices and clinics of physicians, podiatrists, chiropractors and optometrists running smoothly. They are involved in direct patient care and assist the physician or other health professional during examinations.

MEDICAL CODER/BILLER APPLIED TECHNOLOGY DIPLOMA - ATD Program Length: 1110 Hours (approximately 10 months full-time) Program Cost: \$3,558 (approximate tuition & fees) Program Offered: August Delivery Method: Traditional - 100% classroom based

The Medical Coder/Biller program is a comprehensive program that prepares students for employment as entry-level coder/billers.

The main role of a medical coder/biller is to review patient medical records and assign codes to diagnoses and procedures performed by healthcare providers. The treating medical facility can bill insurance for reimbursement based on these codes. The medical coder/biller is responsible for the accurate flow of medical information and patient data between physicians, patients and third-party payers. Most medical coder/billers work on-site in hospitals, clinics, physician offices and for insurance companies.

With the introduction of the electronic health records (EHR), experienced medical coders may have the opportunity to work from home.

Days	Times	Hours and Costs this term
Monday - Friday	7:30 a.m 2:15 p.m.	Next Class begins: August 2021

MENTAL HEALTH TECHNICIAN

Program Length: 480 Hours (approximately 5 months full-time) Program Cost: \$1,684 (approximate tuition & fees) Program Offered: August Delivery Method: Traditional - 100% classroom based Hybrid - less than 50% of required instructional hours available via distance education (online)

Students will be trained for employment as Mental Health Technicians, Psychiatric Aides or Technicians and Nursing Assistants. Mental Health Technicians work in a variety of healthcare facilities under the supervision of a psychiatrist, registered nurse, counselor or social worker and participate in the development and implementation of therapeutic treatment plans for patients with mental health issues. Students will receive training in physical assessment, psychiatric and substance abuse disorders, developmental disabilities, health/wellness education, crisis intervention and basic nursing assistant skills. Upon successful completion of the program, students will have the opportunity to take the Certified Nursing Assistant examination given by the Florida Board of Nursing.

Days	Times	Hours and Costs this term
Monday - Friday	7:05 a.m 1:50 p.m.	Next Class begins: August 2021

ORTHOPEDIC TECHNOLOGY

Program Length: 800 Hours (approximately 8 months full-time) Program Cost: \$2,864 (approximate tuition & fees) Program Offered: January Delivery Method: Traditional - 100% classroom based Hybrid - less than 50% of required instructional hours available via distance education (online)

Students will be taught the skills and techniques necessary to be employed working with orthopedic physicians to treat patients in a variety of health care settings. The program provides the skills and knowledge needed to become a competent orthopedic technologist performing the following services: routine office and departmental procedures; applying, adjusting and removing casts, splints, and braces; setting up, adjusting, and maintaining traction configurations; assisting with the care of acutely injured patients; and assisting the physician in the reduction and/or manipulation of orthopedic injuries. Graduates may be employed in hospitals, clinics, and private practice offices.

Hospitality and Tourism | 754-321-5188

PROFESSIONAL CULINARY ARTS AND HOSPITALITY

Program Length: 1200 Hours (approximately 12 months full-time) Program Cost: \$3,795 (approximate tuition & fees) Program Offered: August, October, January & March Delivery Method: Traditional - 100% classroom based

The program is designed to develop the individual interested in a career in the food service industry. Students will be taught through hands-on experiences in setting-up banquets and food preparation, including meat and poultry fabrication, soups, stocks & sauces, hors d'oeuvres, smoking meats, charcuterie, along with baking and pastry basics; breads, creams, custards, cakes, pies and cookies.

We are a fast-paced environment which will prepare the student to be successful within real-life hospitality careers. In addition, our students learn the critical importance of food safety and sanitation by attaining their ServSafe Food Safety Manager certification. Students are also trained in food service management and learn the importance of healthy cooking and nutrition.

WELDING TECHNOLOGY

Program Length: 1050 Hours (approximately 11 months full-time) Program Cost: \$3,843 (approximate tuition & fees) Program Offered: January Delivery Method: Traditional - 100% classroom based

Students will work in a specialized classroom and practical lab learning how to cut and join metal parts through the application of arc welding. Instruction includes, selection of proper torch tips; adjustment of gas pressure and flame according to the size and characteristics of metal; selection of proper electrodes; adjustment of voltage and current for the type of metal; flame cutting; and use of equipment introducing shield of inert gas (MIG-TIG & FCAWP) around the electric arc to prevent oxidation. Instruction also involves classroom and practical experiences to teach students to fabricate and weld joints and perform fabrication in other areas of welding. Related instruction in blueprint reading and layout is included as an integral part of the program.

AUTOMOTIVE PROGRAMS PREPARE STUDENTS TO TAKE ASE CERTIFICATION EXAMS

ADVANCED AUTOMOTIVE SERVICE TECHNOLOGY - TOYOTA T-TEN (Technician Training & Education Network)

Program Length: 2400 Hours (24 months full-time) Program Cost: \$8,175 (approximate tuition & fees) Program Offered: August Delivery Method: Traditional - 100% classroom based

This program is an ASE Education Foundation Certified Master Technician Training Program. Train with Toyota/ Lexus products using advanced automotive theory and practical classroom applications. Students are trained in areas required for professional technicians to maintain and repair automotive vehicles. Students participate in direct dealership experiences working with qualified Toyota/Lexus technicians.

Days	Times	Hours and Costs this term
Monday - Friday	7:05 a.m 2:20 p.m.	Next Class begins: August 2021

Note: High School or High School Equivalency Diploma required. Basic skills scores must be met prior to enrollment.

AUTOMOTIVE COLLISION TECHNOLOGY TECHNICIAN

Program Length: 1400 Hours (approximately 14 months full-time) Program Cost: \$4,795 (approximate tuition & fees) Program Offered: August & January Delivery Method: Traditional - 100% classroom based

This program is an ASE Education Foundation Certified Collision Repair and Refinishing Master Technician Training Program specializing in classroom and laboratory experiences concerned with all phases of the repair of damaged vehicle bodies and fenders. Train in all five (5) ASE areas required for professional technicians.

Days	Times	Hours and Costs this term	
Monday - Friday	7:05 a.m 1:50 p.m.	588 hours	\$2,000

AUTOMOTIVE SERVICE TECHNOLOGY

Program Length: 1800 Hours (approximately. 18 months full-time) Program Cost: \$6,135 (approximate tuition & fees) Program Offered: August & January Delivery Method: Traditional - 100% classroom based

This program is an ASE Education Foundation Certified Master Technician Training Program that meets national standards. Train in all eight (8) ASE areas required for professional technicians who maintain and repair automotive vehicles.

Monday - Friday	7:05 a.m 1:50 p.m.	588 hours	\$2,000

AVIONICS SYSTEMS TECHNICIAN

Program Length: 1200 Hours (approximately 12 months full-time) Program Cost: \$3,795 (approximate tuition & fees) Program Offered: January Delivery Method: Traditional - 100% classroom based

Avionics Systems Technicians are specialists who repair and maintain a plane's electronic instruments, such as radio communication devices and equipment, radar systems, and navigation aids. Avionics is a specialization within electronic maintenance and repair. It focuses on aircraft electronics, but encompasses a wide range of job types. An avionics technician is a specialist who is responsible for all the electronics aboard an aircraft as well as the wiring that connects to the electrical system. They run cables, mount antennas, and connect instruments for navigation and engine monitoring. Avionics technicians install radios, autopilots, and passenger entertainment systems. The job demands attention to detail and a commitment to the very highest standards of quality workmanship.

Avionics Systems Technicians:

- test electronic instruments, using circuit testers, oscilloscopes, and voltmeters.
- interpret flight test data to diagnose malfunctions and performance problems.
- · assemble components, such as electrical controls and junction boxes, and install software.
- install instrument panels, using hand tools, power tools, and soldering irons.
- repair or replace malfunctioning components.
- · keep accurate records of maintenance and repair work.

Note: The Council on Occupational Education (COE) does not accredit avocational programs such as ESOL, ABE, GED[®] Test Preparation, AAAE or Apprenticeship. In addition, these programs do not qualify for Title IV financial aid assistance.

Apprenticeship is a method of training individuals, in a trade, using a combination of on-the-job skills development and classroom/lab related instruction. Atlantic Technical College serves as the Apprenticeship Local Educational Agency (LEA) for Broward County Public Schools and coordinates the largest number of apprenticeship training programs in Florida, operating in accordance with federal and state laws and rules.

Apprenticeship training offers the individual a chance to "earn while you learn." In addition to a paid 40-hour onthe-job training work week under the supervision of a journeyperson, apprentices are required to attend related training on selected evenings and/or weekends. Wages increase as the apprentice raises their skill level through training and work experience. Apprenticeship training programs vary in length, depending on the trade and can take from two (2) to five (5) years to complete. There are both union and non-union programs.

Apprenticeship training programs include:

- Brick and Block Masonry (Bricklayer)
- Carpentry (Carpenter)
- Commercial Sign Design and Fabrication (Decorator Trade Show)
- Electrician
- Elevator Constructor/Mechanic
- Glazing (Glaziers)
- Heating & AC Installer/Servicer
- Industrial Pipefitter (Sprinkler Fitter/Pipefitter)
- Line Erector (Lineman)
- Machining (Machinist)
- Maintenance Repair, Building (Step-Up)
- Operating Engineer
- Painting and Decorating (Painter)
- Plumbing Technology (Plumber & Pipefitter)
- Roofing
- Structural Steel Work (Ironworker)
- Yacht Service Technician

CERTIFICATION/LICENSURE EXAMS Industry credentials improve your chances for employment!

Students will be prepared to take an approved State and/or nationally recognized industry certification or licensure exam in their field of study (conditions apply). Students who take and pass their exam(s) may be eligible to receive reimbursement for the cost of their exam(s). See your Certified School Counselor/Advisor for details. Below is a partial list of certifications available to ATC students. Please be advised that this list is subject to change.

- Adobe Certified Associate (ACA): Flash, Photoshop Creative Cloud, Dreamweaver, Illustrator InDesign, Premiere Pro
- Aerospace/Aircraft Assembly (AAA)
- Aircraft Electronic Technician (AET)
- Associate Certified Electronics Technician (CETa)
- Automotive Service Excellence (ASE) (Individual Certified ASE Exams through Master Tech)
- Avionics Electronics Technician
- Certified Clinical Hemodialysis Technician (CCHT)
- Certified Clinical Medical Assistant (CCMA)
- Certified Coding Associate (CCA)
- · Certified Coding Specialist (CCS)
- Certified Dental Assistant (CDA)
- Certified Drafter Architecture (ADDA)
- Certified EKG Technician (CET)
- Certified Food Protection Manager (ServSafe®)
- Certified Internet Web (CIW)
 Java Script Specialist
- Certified Medical Administrative Assistant (CMAA)
- Certified Nursing Assistant (CNA)
- Certified Pharmacy Technician (CPhT)
- Certified Registered Central Service Technician (CRCST)
- Certified Solidworks Associate-Academic (CSWA)
- · Certified Solidworks Professional Academic (CSWP)
- CompTIA (Computer Technology Industry Association) A+, Network+, Security+
- · Florida Expanded Duties and Dental Radiography
- ESCO HVAC Excellence Employment Ready (ER):

EPA Section 608 Universal, R-410A, Air Conditioning, Electric Heat, Electrical, Gas Heat, Heat Pump, Light Commercial Air Conditioning, Light Commercial Refrigeration

- Licensed Practical Nurse (LPN) (NCLEX)
- MasterCam Associate Certification Mill Design & Tool Paths
- Microsoft Office Specialist (MOS)
- · Microsoft Office Master
- Microsoft Technology Associate (MTA) (IT Infrastructure & Database)
- NCCER:
 - Core
 - Carpentry I & 2
- NIMS: CNC Mill Operations
- Orthopaedic Technologist Certified (OTC)
- OSHA 10 Hour Safety Course
- Quickbooks Certified User
- Welder
 - 3G, 4G FCAW 3G, 4G SMAW
