Pharmacy Technician 2021-2022

Pharmacy Technician is a PTCB
Recognized Education/Training Program

ATD - Applied Technology Diploma

Course Content:

Pharmacy Technicians generally work under the supervision of a registered Pharmacist and perform tasks related to receiving, dispensing, distribution, control, maintenance, compounding, manufacturing, packaging and labeling of pharmaceutical products. Currently, Pharmacy Technicians are assigned responsibility for routine tasks, previously performed by pharmacists, and are responsible for mastering new pharmacy technology as it becomes available. Opportunities for advancement may vary with the pharmacy technician's employer. Upon successful completion of this program, students will earn an Applied Technology Diploma (ATD).

Program Length:

1050 hours (approximately 10 months full-time)

Program Offered:

January

Delivery Method:

Traditional – 100% classroom based;

Hybrid – Less than 50% of required instruction hours available via distant education (online).

Days & Times:

Monday – Friday 7:05 a.m. – 1:50 p.m.

Note: Clinical externship hours may vary.

Students enrolling in any Health Science Education program must undergo a Level II criminal background check and drug screening, per The Joint Commission. Students who do not have a valid social security number may encounter difficulty with certain state licensing agencies and registries. Contact the program counselor/advisor for specific information.

Job Outlook:

According to the [Florida Department of Economic Opportunity](#), the current South Florida Tri-County entry annual salary for Pharmacy Technician positions is approximately \$28,800. Actual wages may vary according to education, certifications, and experience.

Additional Skills Covered:

- Anatomy & Physiology
- Clinical Pharmaceutical Procedures
