

Atlantic Technical College & Technical High School

NETWORK SUPPORT SERVICES

Course Content:

The Network Support Services program prepares students for employment in network administration as network support specialists or provides supplemental training for people previously or currently employed in networking support occupations seeking to update their skills.

The program prepares students to create, monitor, and maintain computer networks and operate computers and peripheral equipment. Laboratory activities are an integral part of this program. Activities include building and maintaining computers, installing operating systems, configuring routers and switches, and demonstrating mastery through culminating case studies. Earn your Industry Certifications and develop hands-on skills to give you a competitive edge in the IT field.

Additional Skills Covered:

- CCNA Routing and Switching Training
- CompTIA A+ Training
- CompTIA IT Fundamentals Training
- CompTIA Network+ Training
- Computer User Support
- Employability Skills
- Hardware and Software Troubleshooting
- Installation and Configuration Activities
- Network Configuration

Admission Requirements:

- 16 Years of Age or older
- Complete a Program Specific Orientation
- Basic Skills Testing or Exemption
- Meet with Program Counselor/Advisor
