

Atlantic Technical College & Technical High School

CLOUD COMPUTING & VIRTUALIZATION

Course Content:

The Cloud Computing & Virtualization program prepares students for entry-level employment as a Cloud Support Specialist, Cloud Technician, Network Support Technician or provides supplemental training for people previously or currently employed in networking support occupations seeking to update their skills. Students gain technical expertise in core cloud design and infrastructure, using cloud technologies, and prepares them to monitor, and maintain virtual computer networks. The curriculum is delivered through instructor-led classes, knowledge assessments, and real-world hands-on labs. Students will also have access to course manuals, online knowledge assessments, and a free practice certification exam.

ATC is an AWS Academy Member Institution, and through this program, students are prepared to take the AWS Certified Cloud Practitioner certification exam. AWS Academy courses help students develop in-demand cloud computing skills by providing hands-on experience in the AWS Cloud and lessons based on actual industry scenarios. AWS Academy courses and learning resources are aligned to industry-recognized AWS Certifications. These courses include a solid understanding of cloud computing concepts, Amazon Web Services (AWS), security, architecture, pricing, and support.

Courses are developed and maintained by AWS and taught by AWS Academy accredited educators. To become accredited, educators go through rigorous professional training and achieve AWS Certification. Earn your Industry Certifications and develop hands-on skills to give you a competitive edge in the IT field.

Additional Skills Covered:

- CompTIA IT Fundamentals+ Certification Training
- CompTIA Cloud+ Certification Training
- Configure and Maintain Virtualization Server Platforms and Clients
- Computer Literacy
- Computer User Support
- Employability Skills and Portfolios
- Virtual Storage Configuration
- Configuration, Monitoring and Security Activities
- Microsoft Office
- Virtual Network Configuration
- Security in a Virtualized Environment
- AWS Certified Cloud Practitioner Training
- AWS Certified Solutions Architect – Associate Training

Admission Requirements:

- 16 Years of Age or older
- Complete a Program Specific Orientation
- Basic Skills Testing or Exemption
- Meet with Program Counselor/Advisor

This program is
an AWS Academy
Member Institution

Program Length:

900 hours
(approximately 10 months full-time)
(approximately 20 months part-time)

Program Offered:

August, January & June

Delivery Method:

Traditional – 100% classroom based

Days & Times:

Mon – Fri 7:05 am – 1:50 pm (full-time)
Mon – Fri 7:05 am – 10:05 am (part-time)

Job Outlook:
