Network Traditional Prog	Suppor		
Instructor(s): Anthony Rao Department: Business and Information Technology	N	nstructor Office Hours: I-F: 7:00 am – 3:00 pm (by appointment)	
Office/Classroom Location: Building 7, Room 177 Phone Number: 754-321-5100 Email Address: <u>tony.rao@browardschools.com</u>		nstructor responses to student requests will be provide the provide the provided and the provide the provided	ovided
Student Hours:	Program Name: Network Support Services		
Traditional: Monday – Friday	OCPs	Course Names	Hours
CDE AM: 7:05 am – 10:10 am	А	OTA0040 Information Technology Asst.	150
CDE PM: 10:50 am – 1:50 pm	В	EEV0504 Computer Support Assistant	150
Postsecondary Part-Time: 7:05 am – 10:05 am			
Postsecondary Full-Time: 7:05 am – 1:50 pm Break: 10:10 am – 10:20 am	C	CTS0022 Network Support Help Desk Asst.	150
Lunch: $10:10 \text{ am} - 10:20 \text{ am}$	D	CTS0023 Network Support Administrator	150
Lunch. 10.20 and – 10.30 and	E	CTS0024 Senior Network Administrator	150
Blended Distance:	F	CTS0029 Wireless Network Administrator	150
Distance – Monday, Tuesday, Wednesday, Friday On-campus Lab – Thursday 5:30 pm – 8:30 pm	G	EEV0317 Data Communications Analyst	150

Course Description:

The Network Support Services program prepares students for employment in network administration as network support specialists or provides supplemental training for those previously or currently employed in information technology and network support occupations.

The program prepares students to create, monitor, and maintain computer networks and operate computers and peripheral equipment. Laboratory activities are an integral part of this program. Activities include building and maintaining computers, installing operating systems, configuring routers and switches, and demonstrating mastery through culminating case studies.

Technical College Policy/Adult Student Attendance:

- A student must be withdrawn after being absent for six (6) consecutive days.
- Two (2) additional absences may be allowed under certain circumstance with appropriate documentation.
- Please refer to the Student Handbook for postsecondary students.
 <u>http://www.atlantictechnicalcollege.edu/atc-student-handbook/</u>Magnet

High School/Attendance Policy:

A student who has had at least five unexcused absences, or absences for which the reasons are unknown, within a calendar month, or 10 unexcused absences, or absences for which the reasons are unknown, within a 90-calendarday period, may be exhibiting a pattern of non-attendance (F.S.1003.26 (1) (b)) and the School Board of Broward County, Policy 5.5.

Required Book(s) and/or Online Access:	Required Materials/Supplies:
	 USB storage device
TestOut Online Curriculum Access Code:	Headphones
IT Fundamentals Pro	 Paper, pencils, and pens
PC Pro	 Most importantly, a positive attitude geared
Network Pro	toward success!
Additional online materials, workbooks and/or written activ will be provided by the instructor.	rities
	olies can be purchased from the ATC bookstore. ricing and purchasing information or visit:
	lcollege.edu/bookstore-price-list/.
Grading S 'stem:	Online Specific Grading Policy:
A 90 - 100%	Online students' grades and attendance are based on:
B 80 - 89%	Scheduled assignments (late submission of work
C 70 - 79%	will not be accepted)
D 60 - 69%	 Weekly lab attendance
F 0-59%	 Exams (may include oral and/or hands-on skills
I Incomplete	component)
	*Final exams will be in-person during a lab session
Program Grading Policy:	
 Students assume full responsibility to submit assig 	nments on or before they are due. Late submissions will

View Your Grades:

Grades can be viewed online by following the directions below:

- 1. Go to Clever SSO Website link: <u>https://bit.ly/workforce-sso</u> and login:
 - a. Username: 10-digit student ID number
 - b. Password: PMM/DD/YYYY (or your personally created password after initial login)
- 2. Click on the FOCUS app on your Clever opening page.
- (You may need to scroll-down the page to see the FOCUS app.)
- Enter your FOCUS username and password. *NOTE:* If the Focus App. is not visible after logging into Clever, please navigate to the Broward Focus website directly: <u>https://broward.focusschoolsoftware.com/focus/</u>.

Classroom/Lab Rules:

- Sign in and out DAILY.
- Read and follow DAILY AGENDA upon arrival.
- Follow all rules in the student and discipline code books.
- Cell phones silent or OFF and PUT AWAY.
- Contact instructor on the same day when absent (email preferred).
- Come to class prepared to work and be respectful of ALL class members.
- ALL assignments submitted to instructor must reflect the student's own individual work.
- NO FOOD OR BEVERAGES IN THE LAB.

Program Name: Network Support Services

Course Number: OTA0040

Course Name: Information Technology Assistant (150 Hours) Occupational Completion Point: A

Intended Outcomes: (From FL DOE Curriculum Framework) Student

will be able to:

- Demonstrate knowledge, skill, and application of information technology to accomplish job objectives and enhance workplace performance.
- Develop an awareness of microcomputers.
- Demonstrate an understanding of networks.
- Use word processing applications to enhance the effectiveness of various types of documents and communication.
- Use presentation applications to enhance communication skills.
- Use spreadsheet applications to enhance communication skills.
- Use database applications to store and organize data.
- Use electronic mail to enhance communication skills.
- Investigate individual assessment and job/career exploration and individual career planning that reflect the transition from school to work, lifelong learning, and personal and professional goals.
- Incorporate appropriate leadership and supervision techniques, customer service strategies, and standards of personal ethics to accomplish job objectives and enhance workplace performance.
- Demonstrate competence using computer networks, internet, and online databases to facilitate collaborative or individual learning and communication.
- Develop awareness of computer languages, web-based & software applications, and emerging technologies.
- Demonstrate an understanding of basic html by creating a simple web page.
- Demonstrate comprehension and communication skills.
- Use social media to enhance online communication and develop an awareness of a digital footprint.

Course Number: EEV0504 Course Name Computer Support Assistant (150 Hours) Occupational Completion Point: B

Occupational Completion Point: B

Intended Outcomes: (From FL DOE Curriculum Framework) Student

will be able to:

- Incorporate appropriate leadership and supervision techniques, customer service strategies, and standards of personal ethics to accomplish job objectives and enhance workplace performance.
- Identify, install, configure, and upgrade desktop and server computer modules and peripherals, following established basic procedures for system assembly and disassembly of field replaceable modules.
- Diagnose and troubleshoot common module problems and system malfunctions of computer software, hardware, peripherals, and other office equipment.
- Identify issues, procedures, and devices for protection within the computing environment, including people, hardware, and the surrounding workspace.
- Identify specific terminology, facts, ways and means of dealing with classifications, categories and principles of motherboards, processors and memory in desktop and server computer systems.
- Demonstrate knowledge of basic types of printers, basic concepts, printer components, how they work, how they print onto a page, paper path, care and service techniques, and common problems.
- Identify and describe basic network concepts and terminology, ability to determine whether a computer is
 networked, knowledge of procedures for swapping and configuring network interface cards, and knowledge of
 the ramifications of repairs when a computer is networked.
- Perform end user support and assistance by troubleshooting and diagnosing through telephone, e-mail, remote access, or direct contact.
- Demonstrate proficiency using graphical user interface (GUI) operating systems.

Course Number: CTS0022 Course Name: Network Support Help Desk Assistant (150 Hours)

Occupational Completion Point: C

Intended Outcomes: (From FL DOE Curriculum Framework) Student

will be able to:

- Incorporate appropriate leadership and supervision techniques, customer service strategies, and standards of
 personal ethics to accomplish job objectives and enhance workplace performance.
- Perform end user support and assistance by troubleshooting and diagnosing through telephone, e-mail, remote access, or direct contact.
- Understand, describe, and explain internet connections.
- Define networking terminology.
- Explain how to connect copper media, optical media, and wireless media.
- Perform tasks related to the network cable testing and cable making.
- Define network topologies, devices and connections.
- Define Ethernet fundamentals and operations.
- Define and explain the functions of bridges and switches.
- Explain the mathematical concepts and protocols behind the internet.
- Define and explain the difference between routed and routing protocols.
- Recognize, define, and explain functions of the transport layer.
- Explain, define, and identify the components of a WAN and router.
- Describe and identify an operating system for a router.
- Explain how to establish connections between neighboring routers.
- Identify and explain the router boot sequence and file system.
- Identify and explain static and dynamic routing protocols.
- Describe and configure distance vector protocols.
- Perform tasks related to protocol troubleshooting.
- Examine and test networks.
- Define, explain and describe access lists.
- Solve problems using critical thinking skills, creativity and innovation.
- Use information technology tools.
- Describe the roles within teams, work units, departments, organizations, inter-organizational systems, and the larger environment.
- Describe the importance of professional ethics and legal responsibilities.

Course Number CTS0023

Course Name: Network Support Administrator (150 Hours)

Occupational Completion Point: D

Intended Outcomes: (From FL DOE Curriculum Framework) Student will be able to:

- Incorporate appropriate leadership and supervision techniques, customer service strategies, and standards of personal ethics to accomplish job objectives and enhance workplace performance.
- Participate in simulated work-based learning experiences.
 - Provide network support and assistance by troubleshooting and diagnosing through direct contact remote access.
 - Perform logical and physical network design activities.
- Demonstrate proficiency in selecting appropriate various routing protocols and IP routing configuration for various network designs.
- Demonstrate proficiency in using network traffic filtering to improve network performance and provide basic levels of security.

- Perform network management activities related to documentation, security, performance, administration, troubleshooting and coping with environmental factors.
- Identify and describe various van functions, devices, and demonstrate understanding of the wan design process.
- Describe the operation and implementation of virtual private networks.
- Demonstrate the importance of health, safety, and environmental management systems in organizations and their importance to organizational performance and regulatory compliance.
- Demonstrate leadership and teamwork skills needed to accomplish team goals and objectives.
- Explain the importance of employability skill and entrepreneurship skills.
- Demonstrate personal money-management concepts, procedures, and strategies.

Course Number CTS0024

Course Name: Network Support Administrator (150 Hours) Occupational Completion Point: E

Intended Outcomes: (From FL DOE Curriculum Framework) Student will be able to:

- Participate in simulated work-based learning experiences.
- Compare and contrast hierarchical network design models and scalable internetworks.
- Discuss advanced IP addressing management.
- Demonstrate proficiency in basic router configuration.
- Demonstrate proficiency in the use of OSPF.
- Understand and discuss multi-area OSPF operation and configuration.
- Demonstrate the use of stub and totally stubby areas.
- Demonstrate proficiency in route optimization.
- Demonstrate proficiency in the use of BGP.
- Define and show proficiency in security.
- Use lab equipment, demonstrate the setup, configuration, connectivity of routers to create a small WAN.
- Configure and monitor DSL and DDR.
- Demonstrate the use of scaling IP addresses with NAT.
- Demonstrate proficiency using Authentication, Authorization & Accounting AAA to scale access control.
- Understand and describe key characteristics of various switching technologies, LAN switching and the hierarchical model of network design, and the 3-tier model.
- Understand and describe campus networks, design models, and switching technologies.
- Show proficiency configuring a switch.
- Demonstrate proficiency configuring VLANS.
- Understand and explain spanning tree protocol (STP) and redundant links.
- Demonstrate proficiency with multilayer switching.
- Demonstrate the use of hot standby routing protocol (HSRP).
- Understand and use IGMP and multicasting.
- Demonstrate proficiency restricting network access.
- Demonstrate proficiency using network troubleshooting tools and basic network management diagnostic tools.
- List and define the commonly used protocols, routing techniques, and switching processes.
- Demonstrate proficiency troubleshooting TCP/IP, LAN switch environment, VLANS, frame relay, and ISDN.

Course Number: CTS0029 Course Name: Wireless Network Administrator (150 Hours) Occupational Completion Point: F

Intended Outcomes: (From FL DOE Curriculum Framework) Student will be able to:

- Participate in simulated work-based learning experiences.
- Demonstrate proficiency in applying radio frequency (RF) technologies.
- Develop an awareness of wireless LAN technologies.
- Perform implementation and management activities.
- Develop an awareness of wireless security systems.
- Demonstrate knowledge of wireless industry standards.

Course Number: EEV0317

Course Name: Data Communication Analyst (150 Hours) Occupational Completion Point: G

Intended Outcomes: (From FL DOE Curriculum Framework) Student will be able to:

- Participate in simulated work-based learning experiences.
- Demonstrate knowledge of general security concepts.
- Develop an awareness of communication security concepts.
- Develop an awareness of network infrastructure security.
- Develop an awareness of cryptography and its relation to security.
- Incorporate organizational and operational security in an appropriate and effective manner.
