

2023-2024

HEALTH SCIENCE

Atlantic Technical College & Technical High School

HEMODIALYSIS TECHNICIAN

Course Content:

Students are taught the skills necessary for employment as hemodialysis technicians or dialysis technicians. Hemodialysis technicians have been members of the dialysis team since the beginning of the dialysis program. They usually serve in two capacities; one involves the assembly and maintenance of the dialysis equipment and the second focuses on patient care. Often the hemodialysis technician duties will combine both the patient care and equipment care responsibilities.

The technician works with all members of the dialysis team but is most closely aligned with a nurse who delegates and supervises the patient care.

Additional Skills Covered:

- Anatomy & Physiology
- Bloodborne Diseases HIV/AIDS, HBV
- Communication & Interpersonal Skills
- Computer Literacy
- CPR, BLS Healthcare Provider
- Dietary Regimens
- Domestic Violence
- Emergency Care
- Employability Skills
- Hemodialysis Procedures & Techniques
- HIPAA
- Infection Control Procedures
- Knowledge of the Health Care Delivery System
- Legal & Ethical Responsibilities
- Math & Science Skills
- Medical Terminology
- Psychosocial Problems
- Quality Assurance
- Renal Health and Illness Concepts
- Safety and Security Procedures
- Wellness & Disease Concepts

Admission Requirements:

- High School or High School Equivalency Diploma required for clinicals
- Complete a Program Specific Orientation
- Basic Skills Testing or Exemption
- Meet with Program Counselor/Advisor
- Clearance on FDLE Level II Background Check
- Negative Drug Test Results
- Immunizations and Physical

Students enrolling in any Health Science Education program must undergo a Level II criminal background check and drug screening, per The Joint Commission. Students who do not have a valid social security number may encounter difficulty with certain state licensing agencies and registries. Contact the program counselor/advisor for specific information.
