TO GET STARTED
in a
Career / Technical Program

STEP 1

REGISTER FOR AND ATTEND AN ATC PROGRAM INFORMATION SESSION

To register for an ATC Program Information Session, visit AtlanticTechnicalCollege.edu.

STEP 2

REPLY TO FOLLOW UP E-MAIL

- Get on program list
- Determine basic skills exemption eligibility or prepare for testing
- Register for testing
- Contact Disability Services Advisor for accommodations *(if applicable)*
- Respond to Counselor when contacted to register
- Provide proof of Florida Residency
- Complete online registration application

STEP 3

SECURE FUNDING SOURCE

- Apply for financial aid (FAFSA online application) *(if applicable)*
- Contact local agencies for financial assistance *(if applicable)*
- Apply for scholarships *(if applicable)*
- Contact veterans official *(if applicable)*
- Contact Division of Vocational Rehabilitation *(if applicable)*

STEP 4

REGISTRATION, PAYMENT AND ENROLLMENT

- Process financial aid at ATC
- Pay for classes
- Complete registration
- Receive schedule

3

ATLANTIC TECHNICAL COLLEGE
4700 Coconut Creek Parkway, Coconut Creek, Florida 33063 | atlantictechnicalcollege.edu • 754-321-5100

COSTS LISTED IN THIS PUBLICATION REFLECT FEES FOR THE CURRENT ENROLLMENT PERIOD UNLESS OTHERWISE NOTED.

- Fees this enrollment period for Career and Technical Education programs include: a $40 nonrefundable registration fee for an 18 week semester or a $20 nonrefundable registration fee for a 9 week term; tuition; applicable lab fees; and a nonrefundable $13 insurance fee for Health Science programs. There is an annual $20 student activity fee for all programs.

- Applicants enrolling in a certificate program must provide documentation showing 12 consecutive months of Florida Residency to be eligible for in-state tuition and fees; out-of-state tuition and fees are higher.

- Applicants enrolled in a Continuing Workforce Education course pay an hourly rate plus a $20 nonrefundable registration fee and an annual $20 student activity fee.

- Tuition and lab fees are subject to change by the Florida Legislature and/or Broward County Public Schools.

- Payment is due at time of registration.

- Standard Enrollment Period: 18 weeks (fall & winter semesters); 9 weeks (summer term). Please note, Pre-College programs are on a trimester calendar.

- Registration is on a first come, first served basis.

- Classes not meeting minimum enrollment requirements will be canceled.

- Career Dual Enrollment (CDE) is offered to high school students meeting specific entry criteria. For additional information visit AtlanticTechnicalCollege.edu/career-dual-enrollment.

- All Career and Technical Education (CTE) programs are approved for veterans benefits by the State Approving Agency.

CONTINUING WORKFORCE EDUCATION

Classes are held on the main campus and online.

No Orientation or Basic Skills Test Required

DIGITAL LITERACY & MICROSOFT OFFICE FUNDAMENTALS

August, October, January, April & June

This face-to-face class will help you gain the knowledge and confidence to: use the Windows operating system, navigate the internet safely, manage files and folders on your computer, virtual conference with others, basic email functions and much more. You will also gain experience through hands-on practice to understand the fundamentals of Microsoft: Word, Excel, and PowerPoint.

Saturday – 8:00 a.m. - 11:00 a.m.

April - June	18 hours	$109
June - July	18 hours	$109

MICROSOFT OFFICE SUITE

August, October, January, April & June

This online course aims to empower you with the skills needed to succeed in a digital world. In today's changing landscape, you understand the importance of having technology skills needed to live, learn, and work in society. This on-line class will help you gain experience through hands-on practice to understand the fundamentals of Microsoft programs. We will cover Word, Excel, and Power Point to give you knowledge and confidence to successfully navigate and use Microsoft 365 Suite.

Tuesday & Thursday – 6:00 p.m. - 8:00 p.m.

May - August	40 hours	$175

NEW PROGRAM COMING AUGUST 2024

PLUMBING

Program Length:	1080 Hours (approximately 10 months full-time)
Program Offered:	August & January
Delivery Method:	Traditional

The Plumbing program is designed to prepare students for employment in a variety of pipe occupations. The content includes, but is not limited to: reading construction documents, understanding building codes, plumbing pipe-cutting/joining, soldering and plumbing layout and installation. The curriculum integration of theory and practice provides students with fundamental entry level plumbing skills necessary for the construction industry. Instruction is provided in safe practices, which are critical in this industry, and the use of tools, equipment, materials, and processes found in the plumbing industry.

COURT REPORTING
NCRA APPROVED PROGRAM

This Court Reporting program is approved by the National Court Reporters Association.

Program Length:	2850 Hours (approximately 28 months full-time)
Program Offered:	August, January & June
Delivery Method:	Traditional, Distance

Become a Court Reporter writing verbatim testimony for courtroom trials and depositions. This program places strong emphasis on conflict-free theory, real-time writing, and speed development. Students who reach the speed of 200 words per minute participate in an internship that enables the student to sit in on trials and depositions with a working reporter.

Students shall pass three (3), five-minute tests with 95% accuracy at each of the following speeds: 225 wpm testimony (two-voice), 200 wpm jury charge, and 180 wpm literary.

Student shall complete at least 40 verified hours of actual writing time during the internship experience.

Court Reporting Technology:	750 hours	(approximately 7 months)
Court Reporting 2:	600 hours	(approximately 6 months)
Court Reporting 3:	1500 hours	(approximately 15 months)
Totals:	2850 hours	28 months

HEALTH SCIENCE & PRACTICAL NURSING

754.321.5187
Main Campus

754.322.2821
Arthur Ashe, Jr. Campus

NOTE: In accordance with requirements set forth by the Joint Commission, students applying for entrance into any Health Science program must submit to a Level 2 criminal background check and take a drug screening test. This requirement is mandated due to the fact that all Health Science students must participate in a clinical rotation in a healthcare facility as a part of their training. The applicant is responsible for paying for the costs of both tests. The results of these tests may prevent the applicant from either entering or remaining in a Health Science program. Students who are not cleared on their background check or test positive for illegal drugs will not be allowed access to healthcare facilities for clinical externships and therefore will not be able to complete the program. In addition to a background check and drug screening, all students registering for any of the Health Science programs are required to have current immunizations and a yearly physical exam. Prospective students who do not have a valid Social Security Number may encounter difficulties within licensure programs. Please contact the program counselor for specific information. Additionally, all students entering or re-entering the Practical Nursing program must take the Test of Essential Academic Skills (TEAS) and meet minimum requirements.

CENTRAL STERILE PROCESSING TECHNICIAN

Program Length: 650 Hours (approximately 6 months full-time)
Program Offered: August & January
Delivery Method: Traditional, Hybrid

This program is designed to train and prepare students to work as sterile processing or central supply technicians in a hospital or surgical out-patient setting. Students will be taught a variety of skills and competencies to effectively decontaminate, prepare, disinfect and sterilize instrument trays for surgical procedures. Students will also learn the various methods of inventory control and how to manage the storage and distribution of sterile supplies and patient care equipment.

Central Sterile Processing Technicians are an essential part of the healthcare team and serve as key individuals in preventing infections and the spread of disease in hospitals and surgical centers. A clinical externship is included in the program.

DENTAL ASSISTING TECHNOLOGY & MANAGEMENT
APPLIED TECHNOLOGY DIPLOMA - ATD

Program Length: 1230 Hours (approximately 12 months full-time)
Program Offered: January
Delivery Method: Traditional, Hybrid

Students will be taught the basic knowledge and skills to offer direct chair-side assistance to the dentist, expose dental radiographs, and educate and instruct patients in preventive dental care. Students will be trained in infection control procedures, disease prevention, dental procedures, and instruments and business office procedures. Upon successful completion of the program and in accordance with state guidelines, students are issued an Applied Technology Diploma (ATD) in Dental Assisting Technology and Management with Expanded Duties and Dental Radiography.

The program in dental assisting is accredited by the Commission on Dental Accreditation (CODA). The Commission is a specialized accrediting body recognized by the United States Department of Education.

NOTE: High School or High School Equivalency Diploma required.

HEMODIALYSIS TECHNICIAN

Program Length: 600 Hours (approximately 6 months full-time)
Program Offered: August & January
Delivery Method: Traditional, Hybrid

Students are taught the skills necessary for employment as hemodialysis technicians or dialysis technicians. Hemodialysis technicians have been members of the dialysis team since the beginning of the dialysis program. They usually serve in two (2) capacities; one involves the assembly and maintenance of the dialysis equipment and the other focuses on patient care. Often the hemodialysis technician duties will combine both the patient care and equipment care responsibilities. The technician works with all members of the dialysis team but is more closely aligned with a nurse who delegates and supervises patient care.

NOTE: High School or High School Equivalency Diploma required.

28

MEDICAL CODER/BILLER
APPLIED TECHNOLOGY DIPLOMA - ATD

Program Length: 1110 Hours
(approximately 10 months full-time)

Program Offered: August

Delivery Method: Traditional, Hybrid

The Medical Coder/Biller program is a comprehensive program that prepares students for employment as entry-level coder/billers.

The main role of a medical coder/biller is to review patient medical records and assign codes to diagnoses and procedures performed by healthcare providers. The treating medical facility can bill insurance for reimbursement based on these codes. The medical coder/biller is responsible for the accurate flow of medical information and patient data between physicians, patients and third-party payers. Most medical coder/billers work on-site in hospitals, clinics, physician offices and for insurance companies. With the introduction of electronic health records (EHR), experienced medical coder/billers may have the opportunity to work from home.

NOTE: High School or High School Equivalency Diploma required.

HOSPITALITY & TOURISM
754.321.5188

PROFESSIONAL CULINARY ARTS & HOSPITALITY

Program Length: 1200 Hours (approximately 12 months full-time)
Program Offered: August, October, January & April
Delivery Method: Traditional

The program is designed to develop the individual interested in a career in the food service industry. Students will be taught through hands-on experiences in setting-up banquets and food preparation, including meat and poultry fabrication, soups, stocks & sauces, hors d'oeuvres, smoking meats, charcuterie, along with baking and pastry basics; breads, creams, custards, cakes, pies and cookies.

We are a fast-paced environment which will prepare the student to be successful within real-life hospitality careers. In addition, students will learn the critical importance of food safety and sanitation by attaining their ServSafe Food Safety Manager certification. Students are also trained in food service management and learn the importance of healthy cooking and nutrition.

CLOUD COMPUTING & VIRTUALIZATION

Program Length: 900 Hours (approximately 10 months full-time)
(approximately 20 months part-time)
Program Offered: August, January & June
Delivery Method: Traditional

The Cloud Computing and Virtualization program prepares students for entry-level employment as a Cloud Support Specialist, Cloud Technician, Network Support Technician or provides supplemental training for people previously or currently employed in networking support occupations seeking to update their skills. The program prepares students to create, monitor, and maintain virtual computer networks and design cloud-based solutions. Core cloud design and infrastructure will be covered to implement solutions to deploy and maintain virtualized clients. Laboratory activities are an integral part of this program. Earn your Industry Certifications and develop hands-on skills to give you a competitive edge in the Information Technology field.

ATC is an AWS Academy Member Institution, and through this program, students are prepared to take the AWS Certified Cloud Practitioner certification exam. AWS Academy courses help students develop in-demand cloud computing skills by providing hands-on experience in the AWS Cloud and lessons based on actual industry scenarios. AWS Academy courses and learning resources are aligned to industry-recognized AWS Certifications.

These courses include a solid understanding of cloud computing concepts, Amazon Web Services (AWS), security, architecture, pricing, and support.

NETWORK SUPPORT SERVICES

Program Length: 1050 Hours (approximately 10 months full-time)
(approximately 20 months part-time)

Program Offered: August & January

Delivery Method: Traditional, Hybrid

The Network Support Services program offers comprehensive training in information technology with a strong focus on network support and administration. Students will learn to create, optimize, and troubleshoot computer networks, gaining hands-on experience with hardware and peripherals. Additionally, students will be well-prepared for IT support roles, ready to tackle the challenges of today's evolving IT landscape. Join us for a rewarding journey to become a skilled IT professional.

WEB DEVELOPMENT

Program Length: 1050 Hours (approximately 10 months full-time)
(approximately 20 months part-time)

Program Offered: August & January
Delivery Method: Traditional, Distance

The Web Development program prepares students for employment as a Web Designer, a Web Designer/Graphic Designer, an Assistant Web Designer, or to provide supplemental training for people previously or currently employed in any of these occupations.

The Web Development program offers a broad foundation of knowledge and skills to prepare students to design, code, and publish websites that can work with mobile technology, tablets, and desktop formats.

After successfully completing this program, students will be able to design dynamic and responsive websites and apply their knowledge of website design and coding principles, website management, media integration, and digital marketing techniques.

WELDING TECHNOLOGY

Program Length: 1050 Hours
(approximately 11 months full-time)

Program Offered: August & January

Delivery Method: Traditional

Students will work in a specialized classroom and practical lab learning how to cut and join metal parts through the application of arc welding. Instruction includes: selection of proper torch tips, adjustment of gas pressure and flame according to the size and characteristics of metal; selection of proper electrodes, adjustment of voltage and current for the type of metal, flame cutting, and use of equipment introducing shield of inert gas (MIG-TIG & FCAWP) around the electric arc to prevent oxidation. Instruction also involves classroom and practical experiences to teach students how to fabricate and weld joints and perform fabrication in other areas of welding. Related instruction in blueprint reading and layout is included as an integral part of the program.

AVIONICS SYSTEMS TECHNICIAN

Program Length: 1200 Hours (approximately 12 months full-time)
Program Offered: January
Delivery Method: Traditional

Avionics Systems Technicians are specialists who repair and maintain a plane's electronic instruments, such as radio communication devices and equipment, radar systems, and navigation aids. Avionics is a specialization within electronic maintenance and repair. It focuses on aircraft electronics but encompasses a wide range of job types. An avionics technician is a specialist who is responsible for all the electronics aboard an aircraft as well as the wiring that connects to the electrical system. They run cables, mount antennas, and connect instruments for navigation and engine monitoring. Avionics technicians install radios, autopilots, and passenger entertainment systems. The job demands attention to detail and a commitment to the very highest standards of quality workmanship.

Avionics Systems Technicians:

- Test electronic instruments, using circuit testers, oscilloscopes, and voltmeters.
- Interpret flight test data to diagnose malfunctions and performance problems.
- Assemble components, such as electrical controls and junction boxes, and install software.
- Install instrument panels, using hand tools, power tools, and soldering irons.
- Repair or replace malfunctioning components.
- Keep accurate records of maintenance and repair work.

APPRENTICESHIP

754.321.5261

Apprenticeship is a method of training individuals, in a trade, using a combination of on-the-job skills development and classroom/lab related instruction. Atlantic Technical College serves as the Apprenticeship Local Educational Agency (LEA) for Broward County Public Schools and coordinates the largest number of apprenticeship training programs in Florida, operating in accordance with federal and state laws and rules.

Apprenticeship training offers the individual a chance to "earn while you learn." In addition to a paid 40-hour on-the-job training work week under the supervision of a journeyperson, apprentices are required to attend related training on selected evenings and/or weekends. Wages increase as the apprentice raises their skill level through training and work experience. Apprenticeship training programs vary in length, depending on the trade and can take from two (2) to five (5) years to complete. There are both union and non-union programs.

APPRENTICESHIP PROGRAMS

- Carpentry
  (Framing & Finishing/Forms & Concrete)
- Electrician
- Elevator Constructor/Mechanic
- Glazing *(Glaziers)*
- Heating and AC Installer/Servicer
- Industrial Pipefitter
  (Sprinkler Fitter/Pipefitter)
- Line Erector *(Lineman)*
- Machining *(Machinist)*
- Operating Engineer
- Painting/Decorating *(Painter)*
- Plumbing Technology
  (Plumber/Pipefitter)
- Roofing
- Structural Steel Work *(Ironworker)*
- Yacht Service Technician

NOTE: The Council on Occupational Education (COE) does not accredit avocational programs such as ESOL, ABE, GED® Test Preparation, ASB or Apprenticeship. In addition, these programs do not qualify for Title IV financial aid assistance.

INDUSTRY CREDENTIALS IMPROVE YOUR CHANCES FOR EMPLOYMENT!

Students will be prepared to take an approved state and/or nationally recognized industry certification or licensure exam in their field of study. Students who take and pass their exam(s) may be eligible to receive reimbursement for the cost of their exam(s). Conditions apply - see your Certified School Counselor/Advisor for details. Below is a partial list of certifications available to ATC students. Please be advised that this list is subject to change.

- **Adobe Certified Associate (ACA)**
  Flash, Creative Cloud, Illustrator, InDesign, Photoshop, Dreamweaver, Premiere Pro

- **Aircraft Electronic Technician (AET)**

- **Associate Certified Electronics Technician (CETa)**

- **Automotive Service Excellence (ASE):**
  Individual Certified ASE Exams through Master Tech

- **Certified Clinical Hemodialysis Technician (CCHT)**

- **Certified Clinical Medical Assistant (CCMA)**

- **Certified Coding Associate (CCA)**

- **Certified Coding Specialist (CCS)**

- **Certified Dental Assistant (CDA)**

- **Certified Drafter – Architecture (ADDA)**

- **Certified EKG Technician (CET)**

- **Certified Food Protection Manager (ServSafe®)**

- **Certified Internet Web (CIW)**

- **JavaScript Specialist**

- **Certified Medical Administrative Assistant (CMAA)**

- **Certified Nursing Assistant (CNA)**

- **Certified Patient Care Technician (CPCT/A)**

- **Certified Pharmacy Technician (CPhT)**

- **Certified Registered Central Service Technician (CRCST)**

- **Certified Solidworks Associate - Academic**

- **Certified Solidworks Professional (CSWP)**

- **CompTIA (Computer Technology Industry Association):**
  A+, Network+, Security+, IT Fundamentals

- **Entrepreneurship and Small Business (ESB)**

- **EPA Section 608 Universal, R-410A**

- **ESCO HVAC Excellence Employment Ready (ER):**
  Air Conditioning, Electric Heat, Electrical, Gas Heat, Heat Pump, Light Commercial Air Conditioning, Light Commercial Refrigeration

- **Florida Expanded Duties and Dental Radiography**

- **Licensed Practical Nurse (LPN) (NCLEX)**

- **Microsoft Office Master**

- **Microsoft Office Specialist**

- **NCCER:**
  Core, Carpentry I-4

- **NIMS: CNC Mill Operations**

- **Orthopedic Technologist Certified (OTC)**

- **OSHA 10 Hour Safety Course**

- **QuickBooks Certified User**

- **Welder**
