## NETWORK SUPPORT SERVICES

### COURSE CONTENT

Prepare for a dynamic career in Network Support Services with our comprehensive program designed to equip students with essential industry skills and certifications demanded by today's technology-driven workplaces. Students will master foundational concepts such as network configuration, cybersecurity principles, cloud networking, and troubleshooting techniques through immersive, hands-on lab experiences.

Our curriculum emphasizes real-world competencies, preparing students for in-demand industry certifications including CompTIA Tech+, CompTIA A+, and CompTIA Network+, Cisco Certified Support Technician (CCST), and CompTIA Security+. By combining theoretical knowledge with practical application in state-of-the-art labs, students will develop the expertise to effectively manage and secure modern network environments.

Graduates will be equipped with the critical thinking, technical proficiency, and professional certifications needed to thrive in entry-level IT and network support roles across diverse industries.

This program is an approved Cisco Networking Academy
