GET STARTED in a CAREER and TECHNICAL PROGRAM

3

2025 FALL SCHEDULE

STEP 1

REGISTER FOR AND ATTEND AN ATC PROGRAM INFORMATION SESSION

To Register for an ATC Program Information Session visit AtlanticTechnicalCollege.edu

STEP 2

REPLY TO FOLLOW UP EMAIL

- Get on program list
- Determine basic skills exemption eligibility or prepare for testing
- Register for testing
- Contact Disability Services Advisor for accommodations (*if applicable*)
- Respond to Counselor when contacted to register
- Provide proof of Florida Residency
- Complete online registration application

STEP 3

SECURE FUNDING SOURCE

- Apply for financial aid (FAFSA online application) (*if applicable*)
- Contact local agencies for financial assistance (*if applicable*)
- Apply for scholarships (*if applicable*)
- Contact Veteran's official (*if applicable*)
- Contact Division of Vocational Rehabilitation (*if applicable*)

STEP 4

SECURE FUNDING SOURCE

- Process financial aid at ATC (*if applicable*)
- Pay for classes
- Receive schedule

COST LISTED IN THIS PUBLICATION REFLECT FEES FOR THE CURRENT ENROLLMENT PERIOD UNLESS OTHERWISE NOTED.

Fees this enrollment period for Career and Technical Education programs include: a \$40 non-refundable registration fee for an 18 week semester or a \$20 nonrefundable registration fee for a 9 week term; tuition; applicable lab fees; and a non-refundable \$13 insurance fee for Health Science programs. There is an annual \$20 student activity fee for all programs.

Applicants enrolling in a certificate program must provide documentation showing 12 consecutive months of Florida Residency to be eligible for in-state tuition and fees; out-of-state tuition and fees are higher.

Applicants enrolled in a Continuing Workforce Education course pay an hourly rate plus a \$20 non-refundable registration fee and an annual \$20 student activity fee.

Tuition and lab fees are subject to change by the Florida Legislature and/or Broward County Public Schools.

Payment is due at the time of registration.

Standard Enrollment Period: 18 weeks (fall & winter semesters); 9 weeks (summer term). Please note, Pre-College programs are on a trimester calendar.

Registration is on a first come, first served basis. Classes not meeting minimum enrollment requirements will be canceled.

Career Dual Enrollment (CDE) is offered to high school students meeting specific entry criteria. For additional information visit AtlanticTechnicalCollege.edu/career-dual-enrollment.

All Career and Technical Education (CTE) programs are approved for Veterans benefits by the State Approving Agency.

HEALTH SCIENCE AND PRACTICAL NURSING

MAIN CAMPUS

RUTH ELOI

Certified School Counselor

754.321.5187

ARTHUR ASHE, JR. CAMPUS

DANA ALLEN

Certified School Counselor

754.322.2818

NOTE:

In accordance with requirements set forth by the Joint Commission, students applying for entrance into any Health Science program must submit to a Level 2 criminal background check and take a drug screening test. This requirement is mandated due to the fact that all Health Science students must participate in a clinical rotation in a healthcare facility as a part of their training. The applicant is responsible for paying for the costs of both tests. The results of these tests may prevent the applicant from either entering or remaining in a Health Science program. Students who are not cleared on their background check or test positive for illegal drugs will not be allowed access to healthcare facilities for clinical externships and therefore will not be able to complete the program. In addition to a background check and drug screening, all students registering for any of the Health Science programs are required to have current immunizations and a yearly physical exam. Prospective students who do not have a valid Social Security Number may encounter difficulties within licensure programs. Please contact the program counselor for specific information. Additionally, all students entering or re-entering the Practical Nursing program must take the Test of Essential Academic Skills (TEAS) and meet minimum requirements.

CENTRAL STERILE PROCESSING TECHNOLOGY

PROGRAM LENGTH

650 Hours (approximately 6 months full-time)

PROGRAM OFFERED

August & January

DELIVERY METHOD

Traditional

This program is designed to prepare students for employment in hospitals or surgical out-patient centers to work as sterile processing technicians, central supply workers, medical equipment preparers, material management workers, and inventory technicians. Students will be taught a variety of skills and competencies using supplies, instruments, and equipment available in the classroom and lab that are similar to those used in the field. Skills covered include how to decontaminate, prepare and sterilize instrument trays for surgical procedures, disinfect patient care equipment, various methods of inventory control, and storage and distribution of sterile supplies and equipment. A clinical externship in a hospital or outpatient facility is included in the program.

2025 FALL SCHEDULE

DENTAL ASSISTING TECHNOLOGY & MANAGEMENT

APPLIED TECHNOLOGY DIPLOMA - ATD

PROGRAM LENGTH

1230 Hours (approximately 12 months full-time)

PROGRAM OFFERED

January

DELIVERY METHOD

Traditional

Students will be taught the basic knowledge and skills to offer direct chairside assistance to the dentist, expose dental radiographs, and educate and instruct patients in preventive dental care. Students will be trained in infection control procedures, disease prevention, dental procedures and instruments and business office procedures. Upon successful completion of the program and in accordance with state guidelines, students are issued an Applied Technology Diploma (ATD) in Dental Assisting Technology and Management with Expanded Duties and Dental Radiography.

The program in dental assisting is accredited by the Commission on Dental Accreditation (CODA). The Commission is a specialized accrediting body recognized by the United States Department of Education.

Note: High School or High School Equivalency Diploma required.

CLASS INFORMATION

**NEXT CLASS BEGINS

HEMODIALYSIS TECHNICIAN

PROGRAM LENGTH

600 Hours (approximately 6 months full-time)

PROGRAM OFFERED

August & January

DELIVERY METHOD

Traditional

Students are taught the skills necessary for employment as hemodialysis technicians or dialysis technicians. Hemodialysis technicians have been members of the dialysis team since the beginning of the dialysis program. They usually serve in two (2) capacities; one involves the assembly and maintenance of the dialysis equipment and the other focuses on patient care. Often the hemodialysis technician duties will combine both the patient care and equipment care responsibilities. The technician works with all members of the dialysis team

Note: High School or High School Equivalency Diploma required.

MEDICAL ASSISTING

PROGRAM LENGTH

1300 Hours (approximately 12 months full-time)

PROGRAM OFFERED

January

DELIVERY METHOD

Traditional

Students are taught the skills and techniques necessary to become a Medical Assistant and obtain employment in a variety of healthcare facilities. This multi-skilled health professional is trained in clerical and medical office procedures, phlebotomy, EKG, X-Ray, basic patient care techniques, and laboratory procedures. Medical assistants perform routine administrative and clinical tasks to keep the offices and clinics of physicians, podiatrists, chiropractors, and optometrists running smoothly. They are involved in direct patient care and assist the physician or other health professional during examinations.

CLASS INFORMATION

NEXT CLASS BEGINS IN JANUARY 2026

MEDICAL CODER/ BILLER

APPLIED TECHNOLOGY DIPLOMA - ATD

PROGRAM LENGTH

1110 Hours (approximately 10 months full-time)

PROGRAM OFFERED

August

DELIVERY METHOD

Traditional, Hybrid

The Medical Coder/Biller program is a comprehensive program that prepares students for employment as entry-level coder/billers.

The main role of a medical coder/biller is to review patient medical records and assign codes to diagnoses and procedures performed by healthcare providers so that the treating medical facility can bill insurance companies for reimbursement. The medical coder/biller is responsible for the accurate flow of medical information and patient data between physicians, patients, and third-party payers. Most medical coder/billers work on-site in hospitals, clinics, physician offices, and for insurance companies. With the introduction of the electronic health record (EHR), experienced medical coders may have opportunities to work remotely.

Note: High School or High School Equivalency Diploma required.

NETWORK SUPPORT SERVICES

PROGRAM LENGTH

1050 Hours (approximately 10 months full-time or
20 months part-time)

PROGRAM OFFERED

August & January

DELIVERY METHOD

Traditional, Hybrid

Prepare for an exciting career in Network Support Services with our comprehensive program, designed to equip students with essential industry skills and certifications demanded by today's technology-driven workplaces. Students will master foundational concepts such as network configuration, cybersecurity principles, cloud networking, and troubleshooting techniques through immersive, hands-on lab experiences.

Our curriculum emphasizes real-world competencies, preparing students for in-demand industry certifications including CompTIA Tech+, CompTIA A+, CompTIA Network+, Cisco Certified Support Technician (CCST), and CompTIA Security+. By combining theoretical knowledge with practical application in state-of-the-art labs, students will develop the expertise to effectively manage and secure modern network environments.

Graduates will be equipped with the critical thinking, technical proficiency, and professional certifications needed to thrive in entry-level IT and network support roles across diverse industries.

WEB DEVELOPMENT

PROGRAM LENGTH

1050 Hours (approximately 10 months full-time or 20 months part-time)

PROGRAM OFFERED

August & January

DELIVERY METHOD

Traditional, Distance

The Web Development program prepares students for employment as a Web Designer, a Web Designer/Graphic Designer, an Assistant Web Designer, or to provide supplemental training for people previously or currently employed in any of these occupations.

The Web Development program offers a broad foundation of knowledge and skills to prepare students to design, code, and publish websites that can work with mobile technology, tablets, and desktop formats.

After successfully completing this program, students will be able to design dynamic and responsive websites and apply their knowledge of website design and coding principles, website management, media integration, and digital marketing techniques.

2025 FALL SCHEDULE

WELDING TECHNOLOGY

PROGRAM LENGTH

1050 Hours (approximately 11 months full-time)

PROGRAM OFFERED

August & January

DELIVERY METHOD

Traditional

Students will work in a specialized classroom and practical lab learning how to cut and join metal parts through the application of arc welding. Instruction includes: selection of proper torch tips, adjustment of pressure and flame according to the size and characteristics of metal, selection of proper electrodes, adjustment of voltage and current for the type of metal, flame cutting, and use of equipment introducing shield of inert gas (MIG-TIG & FCAWP) around the electric arc to prevent oxidation. Instruction also involves classroom and practical experiences to teach students how to fabricate and weld joints and perform fabrication in other areas of welding. Related instruction in blueprint reading and layout is included as an integral part of the program.

CLASS INFORMATION

FULL-TIME TRADITIONAL | 504 HOURS

DAYS & TIMES: Monday - Friday | 7:05 a.m. - 1:50 p.m.

2025 FALL SCHEDULE

AVIONICS SYSTEMS TECHNICIAN

PROGRAM LENGTH

1200 Hours (approximately 12 months full-time)

PROGRAM OFFERED

January

DELIVERY METHOD

Traditional

Avionics Systems Technicians are specialists who repair and maintain a plane's electronic instruments, such as radio communication devices and equipment, radar systems, and navigation aids. Avionics is a specialization within electronic maintenance and repair. It focuses on aircraft electronics but encompasses a wide range of job types. An avionics technician is a specialist who is responsible for all the electronics aboard an aircraft as well as the wiring that connects to the electrical system. They run cables, mount antennas, and connect instruments for navigation and engine monitoring. Avionics technicians install radios, autopilots, and passenger entertainment systems. The job demands attention to detail and a commitment to the very highest standards of quality workmanship.

AVIONICS SYSTEMS TECHNICIANS:

- Test electronic instruments, using circuit testers, oscilloscopes, and voltmeters.
- Interpret flight test data to diagnose malfunctions and performance problems.
- Assemble components, such as electrical controls and junction boxes, and install software.
- Install instrument panels, using hand tools, power tools, and soldering irons.
- Repair or replace malfunctioning components.
- Keep accurate records of maintenance and repair work.

APPRENTICESHIP

FOR INFORMATION CALL

754.321.5261

Apprenticeship is a method of training individuals, in a trade, using a combination of on-the-job skills development and classroom/lab related instruction. Atlantic Technical College serves as the Apprenticeship Local Educational Agency (LEA) for Broward County Public Schools and coordinates the largest number of apprenticeship training programs in Florida, operating in accordance with federal and state laws and rules.

Apprenticeship training offers the individual a chance to "earn while you learn." In addition to a paid 40-hour on-the-job training work week under the supervision of a journeyperson, apprentices are required to attend related training on selected evenings and/or weekends. Wages increase as the apprentice raises their skill level through training and work experience. Apprenticeship training programs vary in length, depending on the trade and can take from two (2) to five (5) years to complete. There are both union and non-union programs.

APPRENTICESHIP PROGRAMS

- **BUILDING CONSTRUCTION**
(Craft Laborer)
- **CARPENTRY**
(Framing & Finishing/Forms & Concrete)
- **EARLY CHILDHOOD EDUCATION**
- **ELECTRICIAN**
