Dear Students, Faculty, Staff, and Community Stakeholders,

As part of a scheduled infrastructure improvement project, Florida Power & Light (FPL) will conduct a planned electrical shutdown impacting portions of Atlantic Technical College and Technical High School (4700 Coconut Creek Parkway, Coconut Creek, FL) from **June 19 through July 4, 2026**. During this time, **college and high school operations will continue** with modified campus access, limited power availability in select areas, and alternative instructional delivery methods designed to minimize disruption to instruction and student services.

Instruction will continue through multiple formats, including **on-campus, online, and program-specific adjustments**. Faculty will communicate directly with students regarding schedules, assignments, and any temporary modifications. Certain hands-on or lab-based activities may be adjusted or rescheduled as needed. Limited generator power will be available in designated areas to support essential operations. Campus access will be restricted to **authorized areas only** during this period.

Operating Hours (June 22–July 2): Monday through Friday, 6:45 a.m. – 4:00 p.m. The campus will be closed evenings and Saturdays.

Café Atlantic: Open with a limited menu from 6:45 a.m. – 12:00 p.m.

Please Note: Schools are closed **Friday, June 19, 2026** (Juneteenth) and **Friday, July 3, 2026** (Independence Day observance)

Updates and additional information will be shared through email and college communication platforms. For the latest information, please visit:

- www.atlanticttechnicalcollege.edu
- Instagram: [@atlanticttechnicalcollege](https://www.instagram.com/atlanticttechnicalcollege)
- Phone: (754) 321-5100

Classes at the **Arthur Ashe, Jr. Campus in Fort Lauderdale** and **Adult ESOL Campus at Coconut Creek High School** will remain fully operational.

We appreciate your flexibility and cooperation as this important work is completed. Our priority remains maintaining high-quality instruction and ensuring continued support for our students throughout this period.

Sincerely,

Neeta Rancourt, Director
Atlantic Technical College & Technical High School
