Course Description:

This program offers a sequence of courses that provides coherent and rigorous content aligned with challenging academic standards and relevant technical knowledge and skills needed to prepare for further education and careers such as court reporters, scopists, and transcriptionists in the Business Management and Administration career cluster; provides technical skill proficiency, and includes competency-based applied learning that contributes to the academic knowledge, higher-order reasoning and problem-solving skills, work attitudes, general employability skills, technical skills, and occupation-specific skills, and knowledge of all aspects of the Business Management and Administration career cluster.

The content includes but is not limited to using the steno writer to record examination proceedings, testimony, judicial opinion, judge's charge to jury, judgment or sentence of the court, or other proceedings. Instruction includes specialized terminology and procedures used in the legal, medical, industry, insurance, and governmental fields as well as skills for recording multiple-voice testimony. The content prepares persons to use stenographic skills to record speakers in addition to the preparation of transcripts. Concepts of legal, medical, and related industries are included in the program so that students may function effectively.
